

SELATI CAMP CAMP INFORMATION

Phalaborwa Area

THE LOCATION

Our Selati Camp is situated on the banks of the Selati River in the 33 000 hectare (81545 acres) Selati Game Reserve to the west of the Kruger National Park.

Selati Game Reserve is a large undeveloped reserve with diverse topography and biodiversity. We are very fortunate to traverse over this vast area of wilderness during our courses. In the east there are large granite koppies (hills), where Black eagles and Klipspringers can be found. The dominant vegetation types are Combretum and Mopane woodland. This habitat is well suited to the large elephant and giraffe population found there. The reserve is dissected by the Selati River which dries up in winter into large rocky pools of water. These pools are good places to view concentrations of birds and animals such as Nyala and Rhino. There is a lot of space to conduct walks and get a true sense of wilderness. Special species occurring here include Sable Antelope and Eland. We are also able to visit the Sable breeding programme run by the management of the reserve.

Temperatures at the camp

Summer temperatures average from about 35-37°C (97°F) during the day, dropping to mid 20°C (68°F) at night. Winter temperatures drops to about 4°C at night (our lowest was 1.5°C (34.7°F) here and averages between 18 -25°C (64 - 77°F) during the day. Occasional winter showers prevail, but are unusual. Rain in the summer takes the form of heavy thunder-showers, or frontal rainfall over a longer period of time.

Animals found in the Selati Game Reserve

A wide range of animals lives here, including lions, elephants, rhinoceros and leopard. Plains game such as eland, sable antelope, giraffe, zebra, wildebeest, waterbuck, kudu, impala, baboons and monkeys can also be seen. Selati is a good place for viewing lion, white rhino and elephant. General game is plentiful and you might even get to see the large herd of eland, as well as the rare sable antelope.

THE CAMP

Accommodation: The camp consists of 10 simple dome tents, each with 2 mattresses and 1 pillow (2 learners per tent). There are shared bathroom facilities and a central communal area overlooking the Selati River. **Learners bring their own bedding.** Please bring an additional pillow should you require two. There are no mosquito nets at Selati.

The central communal area: This area consists of a thatch-roofed open sided deck where all meals, lectures and studying takes place. A clearing for evening camp fires creates an idyllic setting for social and leisure time.

Electricity: There is no electricity at the camp – paraffin lamps are used for all lighting and a generator is used to charge camera batteries and cell phones for emergency use. Studying at night with paraffin lanterns can at times be challenging so a headlamp for this purpose is recommended as well as an extra battery operated lamp if you wish to study in your tent at night. The kitchen is equipped with gas fridges for storage of all perishable food items, thus unfortunately there’s no space for personal items (drinks, water or other). There is however a full selection of affordable drinks available at camp.

The generator is for camp use so will thus not be switched on for the sole purpose of charging learner cameras or other equipment. Learners are allowed to utilise it when it is running for camp purposes and need to understand that it is used at own risk.

Soft drinks and alcoholic beverages (beers & ciders): This is sold from the camp and can only be paid for with cash. There are no credit/debit card or cheque facilities. Cordial fruit juices are served with meals, tea and coffee available throughout the day.

Water: Fresh, drinkable water is available from the taps.

Laundry: A laundry service is provided by the camp cleaning person and costs R50 per week for 2010. R55 for 2011.

Game viewing vehicles: The game viewing vehicles are open Land Rover TDI’s

EcoTraining staff in camp:

For the duration of your stay there will be hosted by:

- Dale Geldenhuys – Head Instructor
- Ralph Kirsten – Assistant Instructor
- Mary-Jo Kirsten – Camp Manager

WHAT TO BRING

	CHECK
• Appropriate walking shoes (hiking boots). Thorns go straight through takkies or sport shoes!	
• Photocopies of your ID / Passport (might be needed for car rentals/other uses)	
• Sandals for around the camp	
• Khaki (or neutral coloured) clothing for the bush	
• Warm Jacket and jersey (gloves and scarf as it can get very chilly in the mornings and evenings in winter)	
• Hat for protecting both the head and neck	
• Sunscreen	
• Bath soap, towel and other toiletries	
• Torch – very important (a headlamp is very handy as well as a standing lamp for in the tent)	
• Extra batteries	

• Pen / pencil and small notebooks	
• A4 Notebooks / Notepads	
• Small field note books	
• We supply some bedding but please bring sleeping bag and small pillow for sleep outs. (an extra blanket is recommended in winter) (no sleeping bag and pillow needed for short courses)	
• Raincoat / Poncho	
• Insect / tic repellent	
• Water bottles, at least 2 litres. We recommend a camelback, MTB or walking water pouch.	
• Any small snacks / cigarettes etc you would like as there are no shops in the area!	
• Any reference / field guide books you may have	
• A birding book is essential for birding courses	
• Binoculars are recommended for all courses	
• Camera	
• Rucksack / daypack	
• Any personal medication	
• CASH (in ZAR Rands only) - sufficient cash for 4 weeks if you intend to purchase from the camp shop. The camps do not have easy access to the closest towns which have ATMs but the ATMs may not always work	
• Battery operated alarm clock (cellphone/mobile batteries run out and students need alarm clocks to wake up at the allocated times)	

- If you have a musical instrument that you would like to bring along, you're most welcome
- **Please note:** radios and C.D. players are NOT allowed.
- Personal mp3s and iPods with earphones can be used, although they must be used with sensitivity to fellow course participants and the environment. If you bring an iPod, please bring your own charging equipment for it, that is, a laptop or appropriate charger.

Join our Facebook group: **EcoTraining ~ Africa's Wilderness calls you** – to get advice and tips from students booked on the same course or to hear about the wonderful experiences of past students.

RECOMMENDED BOOKS

Purchasing all the books listed below is not expected. The camp has a library with a copy of each book but if shared amongst learners, they may often be inaccessible. **Should you want to purchase your own books, we recommend you purchase at least your own bird book, tree book and mammal book.** That way you can refer to them on drives or in camp without having to wait to use the library copy.

- **Sasol Birds of Southern Africa** – Ian Sinclair; Phil Hockey; Warwick Tarboton
- **The Wildlife of Southern Africa: A Field Guide to the Animals and Plants of the Region** - Vincent Carruthers
- **The Behaviour Guide to African Mammals** - Richard Estes
- **Game Ranger in your Backpack** – Megan Emmet and Sean Patrick
- **Field Guide to Trees of Southern Africa** - Braam van Wyk & Piet van Wyk

- **Field Guide to Insects of South Africa** - Picker, Griffiths, Weaving
- **Starwatching: a Southern Hemisphere Guide to the Galaxy** - Anthony Fairall
- **A Complete Guide to Reptiles of Southern Africa** – Johan Marais & Alexander
- **Guide to Grasses of Southern Africa** - Frits Van Oudtshoorn
- **Tracks of southern Africa** - Louis Liebenberg
- **Mammal Guide** - Burger Cillie
- **FGASA Level 1 Manual** (if you are doing the Level 1 Course) - Grant Hine
- **FGASA Trails Guide Manual** (if you are doing the Trails Guide Course) – Grant Hine

Note: Books are available at: www.fgasa.org.za (FGASA members only); www.amazon.com; www.kalahari.net

MALARIA

PLEASE TAKE PRECAUTIONS AGAINST MALARIA

We are not permitted by law to give advice regarding medical information. However, learners should be aware that malaria occurs in the regions where our camps are situated. A visit to your local doctor/GP will provide you with the best options in terms of medical precautions. It is important that you use a good insect repellent. A 24-hour malaria hotline is available on:

Mobile: +27 (0)82 234 1800
Telephone: +27 (0)11 678 2679
Toll Free: 0861 MOZZIE (0861 66 99 43)

They will be able to give you a detailed explanation on the risks and advice on precautionary measures.

INTERNATIONAL LEARNERS

Visas

An international list of South African Embassies and their contact information can be found on: www.rainbownation.com/travel/guides-southafrica/embassy.asp

Finance

The South African currency is the Rand. For up to date currency conversions, visit www.xe.com. Learners can draw cash at Johannesburg or Cape Town International Airport - there are no withdrawal machines at Eastgate Airport in Hoedspruit near the camps.

Medical Information

As with all adventures, we recommend that you consult a physician before spending time in a foreign country. In addition, health information regarding travelling worldwide can be found on these websites:

- The London Hospital of Tropical Diseases <http://thehtd.org>
- TravelDocs www.traveldocs.com
- SAA Netcare Travel Clinics www.travelclinic.co.za

Please ensure that you have plenty of personal necessary medication.

Adaptors: Please bring adaptors to suit your own plugs and South African plug/plug points

POCKET MONEY

The camp does not have easy access to the closest town in which there is an ATM and this ATM may not always work.

ITEM	DESCRIPTION	AVERAGE COST
Beverages	Beers	R8.00
	Ciders	R9.00
	Soft drinks	R7.00

	Bottled water	R6.00
EcoTraining Clothing	Caps	R85.00
	Beanies	R60.00
	T-Shirts	R120.00
	Short sleeve fleece jackets	R240.00
	Long sleeve fleece jackets	R265.00
	Collared shirts	R240.00
FGASA material	Level 1 Training manual	R105.00

Estimated expenses per week	An estimate of spending monies that may be required - 2 soft drinks/juice per day, 2 beers/savannas per night = R210 - R225 per week.	

*** All prices quoted above are 2010 rates and subject to change without prior notice.

The camp does not have easy access to the closest town in which there is an ATM and this ATM may not always work.

FGASA

If you are interested in obtaining any of the FGASA qualifications as part of the course, you need to be aware of extra fees that apply for the qualifications being offered.

We have a separate information document on FGASA about who it is relevant to and the procedures to register. Registration with FGASA membership and for the theory exam paper must be done independently by you **prior** to starting the course. We do not process registrations at the camp. If you are attending our courses for a career in Field Guiding in southern Africa, then please request this at enquiries@ecotraining.co.za

COMMUNICATION FROM CAMP

- Cell phones: There is limited cell phone reception at the camp and there is no access to venues providing air time. We do not encourage use of cell phones at the camp at all as it is an intrusion for others wanting to enjoy the peace and quiet of the bush. There are charging facilities at the camp, please bring your own adaptors.
- Contact with your family/friends for emergency purposes only would be made via cell phone or radio from the head office to the camp manager.

GETTING TO CAMP

Please note that all transportation before and after the course is to be arranged by yourself. The personnel at our office are available should you need further advice.

BY ROAD from Johannesburg: (Travel time to Selati 5.5 hrs)

- EcoTraining Bush Bus - this option may not be available for every course so please enquire from our office
- Self Drive – We can also put you in contact with other course participant should you not wish to travel on your own.
- Car Hire, Avis www.avis.co.za – Vehicles can be left at Eastgate Airport in Hoedspruit. You will then need to get a transfer with Sable Tours (res@sabletours.co.za) to the camp (45 minutes away)

There is a learner car park at Selati Game Reserve where the vehicle can be parked. There is no undercover parking so it is recommended that you bring along a car cover.

BY AIR from Johannesburg:

- Fly to Eastgate Airport in Hoedspruit
- Airline SA Express - book on www.flysaa.co.za.
- Flight time: 1:15 hours
- Book a transfer through Sable tours from Eastgate Airport to Selati camp. The camp is 45 minutes away.

Directions from Gauteng to Selati Camp:

- From Johannesburg: take the N12 to join with the N4 to Witbank.
- From Pretoria: take the N4 to Witbank.
- Continue along the N4 past Middelburg to the R33 turnoff to Belfast.
- Go into the town of Belfast and then take the R540 via Dullstroom to Lydenburg.
- From Lydenburg take the R36 via Ohrigstad and the Abel Erasmus Pass to the Strydom Tunnel.
- Approximately 12 km after the tunnel, turn left onto the R527 to Tzaneen.
- Cross the Olifants River and next turn right onto the R526 tar road to Mica/Phalaborwa.
- Continue to the T-junction and turn left onto the R40 to Phalaborwa.
- Continue along the R40 and turn left onto R526 to Gravelotte (the sign says "Tzaneen").
- Continue along this road for 23km. The main entrance to the Selati Reserve will be on your right.
- **Parking:** Parking at Selati is some distance from camp at the main gate of the reserve, and no vehicles can be parked at the camp. When packing, please ensure your equipment can easily be transferred from your vehicle to a trailer/game drive vehicle for the drive to camp.

Our instructor will meet you at 14h00 at the Selati Main Gate - office, as no private vehicles are allowed down to the camp. Refrain from ringing the bell as this is for the warden's use.
